

# POLARIS IT GROUP SA (8/2021)

## Information about winning the tender.

Current report 8/2021

Polaris IT Group SA informs that its subsidiary iSRV Zrt. was announced the winner in a public tender in Hungary for the supply of hardware and software for educational purposes. As part of this project, iSRV Zrt. will also deliver its own Enclosed Learning online learning system.

The company estimates revenues from the project at PLN 5 million, it will be completed in the fourth quarter of 2021. The significance of the project is not only the amount of revenues generated, but also the fact that iSRV Zrt. will be able to license its own educational system to a state-owned client for thousands of users.

Formally, the public procurement procedure in this tender can be challenged until 13 September.

Legal basis: Art. 17 sec. 1 of MAR - confidential information.
